Benton County is writing to provide informational Solid Waste Management Application flyers for your township meetings. Please provide these flyers to township constituents, at your convenience.

www.co.benton.mn.us

The app can be downloaded on a cell phone/ tablet or can be accessed on the Benton County Planning and Zoning Solid Waste web page (<https://www.co.benton.mn.us/224/Solid-Waste-Management>).

This app shows local disposal options for "problem items" that people may find hard to dispose of such as mattresses, Tv's, furniture, and tires. Increased usage of the application will educate the public on where to dispose of these problem items and may reduce littering/ illegal dumping.

If you would like a copy of the flyer PDF or would like the application installed on your website, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sierra Cotter', written over a faint circular stamp.
